ABOUT REFERNOVA

TRANSFORMING AQUACULTURE INTO GLOBAL OPPORTUNITIES

ReferNova is a next-generation global business platform built on the foundation of **innovation, sustainability, and real business value**. Our mission is to connect people with opportunities through a business ecosystem supported by aquaculture, premium fish oil manufacturing, healthcare products, and international exports.

We believe that long-term growth is created by combining high-quality products, responsible business practices, modern technology, and a strong community network. Every step of our journey focuses on creating value for customers, business partners, and future generations.

OUR VISION

To become one of the world's most trusted aquaculture and healthcare companies by delivering premium-quality products, creating sustainable opportunities, and building a global business community.

OUR MISSION

- ✓ Develop sustainable and modern fish farming projects.
- ✓ Produce world-class fish oil and healthcare products.
- ✓ Maintain the highest standards of quality and safety.
- ✓ Expand into international markets through innovation.
- ✓ Empower people through ethical business opportunities.
- ✓ Build long-term value for customers, partners, and communities.

OUR CORE VALUES

TRUST

Building lasting relationships through honesty and transparency.

SUSTAINABILITY

Protecting natural resources while creating long-term growth.

QUALITY

Delivering products that meet international standards.

INNOVATION

Using modern technology to improve every stage of business.

GROWTH

Creating opportunities for individuals, businesses and communities.

GLOBAL VISION

Expanding our reach with excellence and responsibility.
